Data Communication

Features

Volume Correction
Volume Correction
and Data-Logging

Volume Correction,
Data-Logging
Encoder-Index

Markets

Asia, Latin-America
Low-Spec

Western-Europe, Asia,
Latin-America

Western Europe
High-End

Functionextension for Volume Correctors

FE230

Anwendung

Deregulated Market
Data Communication

Merkmale

Battery operated Device
EX-Barrier for
- Interface
- Outputs
flexibel integr.Modems
(PSTN, GSM, ISDN)
limited availability for
communication

FE260

Deregulated Markets
Data Communication

Mains operated Device
EX-Barrier for
- Interface
- Outputs
flexibel integr.Modems
(PSTN, GSM, ISDN, Ethernet)
permanent communicatio
Power supply for corrector

Overview Datalogger

DL210

Application

Deregulated Markets
Data Communication

Features

limited Data-Logging
(2 Inputs)
battery-operated
integrated Modem

Markets

Commercial Appl.
Spain, Austria

DL220

Deregulated Markets
Data Communication

limited Data-Logging
(2 Inputs)
battery operated
integrated GSM-Modem
Commercial Appl.
Germany

DL240

Deregulated Markets
Data Communication

Data-Logging
(4 Inputs)
optional power supply
flexible acc. modems
Industrial/Commercial
Germany

What else ?

- Bi-directional radio system ET207
- WinCOMS software with Modem server 8 modem
- Standard database for WinVIEW

- ATEX and the effect on our products
- Flexible engineering units for correctors
- Modbus communication for correctors, later data loggers
- DLMS communication with EK240 (enhanced version of EK230)
